Think Same Man Performed Both "Stick-Ups" Last Night

PROPS A \$10 BILL

Believed to Wear an Army Uniform Minus Buttons and Insignia

Two hold-ups which occurred last evening are believed to have been perpetrated by one man. The loot in the two cases totalled approximately \$150, and the "stick-up" man appeared to be the victims worn that according to be an army uniform with the insignias and buttons removed.

The one hold-up occurred near Sellersville, and the second at Myersport, near the Bucks County line.

It was about 8:40 when a man armed in khaki entered the gasoline station of "Ossie" Myers, White Horse Hill, Bethlehem Pike, near Sellersville. He placed a .38 calibre revolver in Myers' back and after securing over \$100 in cash made a get-away. Later a \$10 bill, which the thief evidently dropped, was found on the ground outside the station. It is believed he had parked an automobile a short distance away.

Then at 9:10 last evening a man answering a similar description, entered the store of John Allebach, Allentown and Ridge Roads, Myersport. In this hold-up, \$60 was handed over from the cash register by Allebach. The man is described as being between 35 and 50 years of age and weighing between 160 and 170 pounds. He wore an overseas cap. Following the hold-up at the Allebach place the thief fled in the direction of Summertown.

State Police from Doylestown and Collegeville barracks, and assistant Bucks Co. detective William J. Stackhouse are working on the case.

POLISH TROOPS SPEARHEAD ADRIATIC ADVANCE

Rome—Polish troops spearheading an advance in the Adriatic battle area of Italy occupied the town of Predappio, birthplace of Benito Mussolini near Forli, and moved on more than 2,000 yards to capture Rocca Camminata, the "Berchtsgaden" of the former Fascist dictator, headquarters announced today.

Canadian troops inched their way forward along coastal highway 16 to within five miles of Ravenna while both Polish and Indian Eighth Army troops scored northward advances between the Rabbi and Ronco rivers.

Fighting on the Fifth Army front was centered on the central sector where American troops cleared the Germans from Casetta, directly south of the city of Bologna.

HALF OF PORT OF FLUSHING SEIZED

Supreme Headquarters, Allied Expeditionary Force, France—Half of the Dutch port of Flushing already has been seized by British Army command forces which invaded southern Walcheren Island in the Scheldt estuary, a spokesman at supreme headquarters announced today.

Several miles of the west coast of Walcheren also have been seized by the Allied forces which carried out simultaneous invasion assaults against Flushing and in the area of Westkapelle to the northwest in the drive to rid the last German nuisance batteries blocking Allied use of the port of Antwerp.

A sea-saw battle raged along the Walcheren-Beverland causeway between Canadian assault units and the Germans. The Canadians drove back again to the western end of the causeway after making a previous withdrawal in the face of stern Nazi opposition.

On the mainland to the southwest steady progress was made in the Scheldt pocket, with the Canadians clearing this area taking 2,500 German prisoners.

Hartzell, the father of two small daughters, died in Grand View Hospital on Monday.

According to the widow, Mrs. Evelyn Hartzell, she saw the automobile, described as a light gray or green coupe, speed away after her husband was struck and buried some distance into an adjoining field.

DEWEY WARNS OF RULE BY COMMUNISTS WHOM, HE SAYS, HAVE PURCHASED THE DEMOCRATIC PARTY ON AUCTION BLOCK

BOSTON, Nov. 2.—Gov. Thomas E. Dewey declared last night that President Roosevelt, in an effort to perpetuate himself in power for 16 years, had put the Democratic Party "on the auction block—for sale to the highest bidder."

The Republican Presidential candidate named Sidney Hillman's Political Action Committee and Earl Browder's Communists as the successful bidders in the auction and asserted that by "tried and familiar tactics, and with the aid of Sidney Hillman, the Communists are seizing control of the New Deal, through which they aim to control the Government of the United States."

Mr. Dewey delivered his nationally broadcast denunciation of the Communist-PAC alliance with the New Deal before a capacity audience in Boston Garden, following a triumphal parade through the streets of this New England metropolis during which he was cheered by crowds officially estimated as in excess of 400,000.

The hall, which normally seats about 15,000, was jammed with several thousand more. It was filled with cheering adherents more than two hours before Mr. Dewey was to speak.

Pandemonium broke loose in the cow-bell clanking crowd when Governor Leverett Saltonstall presented the candidate, Governor Dewey succeeded in restoring order only after several minutes of wild cheering.

He pictured the New Deal as a "collection of warring factions, tied together only by a consuming passion for power," with the Democratic Party weakened and divided from twelve years of one-man control, and exposed to "capture by forces hostile to every tradition for which that party has stood."

He repeated the accusation that President Roosevelt personally had ordered Democratic National Chairman Robert Hannegan to "clear

Deer Wrecks Organ In Lansdale Theatre

LANSDALE, Nov. 2.—A 150-pound, four-point buck deer yesterday plunged through the Lansdale Theatre, on Main street, leaped the organ console, wrecking it, and then trapped itself in a dressing room under the stage. Fortunately, the theatre was empty at the time.

Deputy Game Protector Russell Sturzebecker killed it with a heavy calibre revolver and turned the carcass over to Elm Terrace Hospital.

The buck, apparently frightened into town by hunters, first was seen running through busy Main street. It made a leap through the theatre door to escape an automobile. It left a trail of blood through the theatre and broke off both antlers.

Willkie Club Members Endorse Dewey Candidacy

DOYLESTOWN, Nov. 2.—Throughout Bucks county today, where there are over 5,000 members of the Willkie Clubs who worked diligently for the defeat of Franklin D. Roosevelt four years ago by opposing a third term, the feeling is even more noticeable this year.

The men and women who organized and worked diligently for the success of the Bucks County Willkie Clubs believe that the fourth term movement in 1944 is even more dangerous this year to our American way of life.

Newspapers throughout Bucks county are today carrying paid advertisements inserted by former Willkie Club members who have expressed the opinion that Governor Thomas E. Dewey is the one and only candidate for President this year whose election will insure the attainment of the principles for which the Willkie Club members worked four years ago.

Former Willkie Club members have been working daily in the interests of Governor Dewey throughout Bucks county, hoping to swell the Republican majority by a considerable margin on election day. The advertisements urged all former Willkie Club members to support the Dewey-Bricker ticket, "because in so doing we are faithful to the spirit which animated our leader of 1940 and to our own convictions which caused us to support him."

The advertisements bear the names of the following well-known Republicans and former Willkie Club workers:

Thornton Lewis, Upper Makefield township, former head of the Willkie Clubs of Bucks County; Thomas Marshall, Upper Makefield township; Henry D. Paxson, Buckingham; Edward W. Fell, Holicon; Howard Somerville, New Britain; Thomas L. Ashbridge, Holicon; William Eves, 3d, Newtown; Clarence A. G. Pease, Frank Rantz, Quakertown; Dorsey Richardson, Pineville; Mrs. William G. Thayer, Jr., New Hope; A. Russell Thomas, Doylestown; Frank C. Vogenberger, Langhorne; Albert J. Thompson, Wycombe; Mrs. C. A. Sienkiewicz, Doylestown; Edna Neel Somerville, New Britain; and J. Allen Gardy, Doylestown.

PEACE AND THE AMERICAN PEOPLE

(Doylestown Intelligencer)

The words "people's peace" have frequently been on the lips of Fourth Term spokesmen—as though to imply some special kind of peace available only over the New Deal counter.

But what other kind of true peace can there be? Peace not based on the understanding and sympathy of races themselves is not peace at all—merely an armistice.

Search history as you will, and you find few monarch-dictated peace treaties which outlived the monarchs.

Very rapidly after the death or defeat of the men who created them fell apart such confederacies as those built by Alexander the Great, Caesar, Constantine, Charlemagne, Napoleon.

Why? Because individual men dictated the terms.

Of course these men believed the terms to be just and reasonable, and expected that the "last war" had been fought.

But men are mortal. What they hold together by force, or by guile, falls apart upon their death as faggots scatter when the cord holding them breaks.

There have been enduring peacees—many of them. Each of the larger nations of Europe—England, France, Spain, Russia, Italy—represents not a single people but a union of many—a harmonious joining of tribes or nations which originally had fought among themselves as violently as against others.

The peace which united such fragments was a people's peace—a widespread feeling of mutual need and common purpose.

The United States too can enter into a people's peace with the rest of the world—a lasting peace. This is entirely possible. These other nations are as eager as we for such a goal.

But no peace to which this nation is committed at the will and judgment of any one man can be either a people's peace or a permanent peace. The decision must ground itself on the sentiments and convictions of the American people themselves.

The surest way for America to enter upon a peace that will be temporary, that will start collapsing almost as soon as the world has regained its breath from the present exhausting struggle, would be for us to allow any one man to speak individually for our 130,000,000 citizens.

Yet President Roosevelt is making that demand. He is seeking to commit the American electorate to his own unspecified peace ideas by the medium of the present election, seeking to commit them blindly and in advance, with no real knowledge of what is contemplated.

He seeks to bind Congress, the direct representatives of the American people, the Constitutional guardian of the people's rights in treaties and in foreign affairs—seeks to bind Congress, again blindly and in advance, to a program which he either will not or cannot enunciate.

The President already has so enmeshed his own Democratic Party to a net of Communism, class strife, and plunder-bound machine politics, that this party, which

BELL SYSTEM PLANS FOR POST-WAR EXPANSION

Plans Are Now "Rolling From the Drawing Board" It Is Announced

MEETING AT WYNOCOTE

Post-war plans of the Bell System call for an extensive expansion of the country's telephone communications network and are now "rolling from the drawing board," Carl R. Freehafer, vice-president and general manager of the Bell Telephone Company, said last night at a meeting of 325 telephone employees and members of their families in All Hallows' Hall, Wyncote. Many telephone employees from this section attended.

New buildings, central office equipment, cable and expansion of the dial system are among the items being planned for immediate post-war attention, he said. Plans are also being made for an extensive country-wide system of coaxial cable, which makes possible several hundred simultaneous telephone conversations over one cable, and can also be used for television transmission.

Another development that could be expected, he said, would be communication by radio to moving vehicles. Such service can become quite extensive for dispatching repair trucks, taxicabs, paging doctors and the like, he added.

The fact that the telephone company is planning these developments

Has Narrow Escape In Bombing Belgian Bridge

1st Lt. William G. Cobb, son of Mr. and Mrs. Gardner M. Cobb, of Birmingham, Mich., and grandson of Mrs. Lewis C. Wetling, of Birmingham, and the late Mr. Wetling, has experienced many thrilling adventures in the air over Germany and occupied Europe. The young man whose grandparents formerly resided on Mill street, has been flying a P-47 fighter ship over Europe since May, he being a member of one of the American Thunderbolt groups.

The flier says that his biggest combat thrill came on his third mission over enemy territory, when the task was to put a certain railway bridge in Belgium out of commission. "Our bridge crossed a river which flowed through a deep valley, and the only way to get to it was to fly low between the hills."

"We roared down that valley at better than 400 miles an hour through the most terrific hail of flak I've ever been in. The air was full of tracers and exploding shells. Jerries on the hills were actually shooting down at us. We unloaded our bombs although how we ever got through that cross fire I'll never know. Just as I was starting to breathe again the colonel discovered that he had only dropped one of his bombs, so he said 'We'll do it again!' We did and it was even rougher than the first trip. I'll swear I could have stepped out of the plane and walked on the bullets which were flying all around us. An incendiary hit the colonel's wing and started a fire. Luckily it burned itself out. We got another hit on the bridge and pulled up. . . I was never so glad to leave a place behind."

STRANGE CRIMES IN GOTHAM

Don't they know there's a war on, those people in New York City who clutter up the magistrates' courts with their illegal activities? The other day in one borough 44 persons were fined, two of them for shaking dust mops out of windows, 32 for smoking in subways and 10 for having unleashed dogs.

Magistrate William Klapp, who heard the cases, promised to back up Mayor LaGuardia in his fight to end "these three evils." He said: "I'm dead set against these individuals who have no respect and consideration for others. I heard Mayor LaGuardia condemn these three things in his broadcast two Sundays ago and, as far as I'm concerned, I'm with him 100 per cent." The magistrate referred to the shaking of dust mops out of windows as "dangerous" to public health, a practice which must cease. He promised that second offenders would be dealt with severely.

One wouldn't think that New Yorkers would smoke in subways, as the cars are uncomfortable enough as they are. And now that a person in the Bronx has died of rabies, one wouldn't think that dog owners would allow their pets to roam unleashed. Housewives who shake dust mops out of windows must lack community pride, otherwise they wouldn't let the neighbors observe the consequences of their treatment of the living room floor. The street cleaners have long been opposed to the practice. It discouraged them to find, after they had swept a street, that a housewife or a maid was shaking dust from a mop onto the carefully brushed pavement.

ODT GESTAPO

The district manager of the Federal Office of Defense Transportation at Springfield, Illinois, made up his mind that he did not like the way the taxis are operated in that fair American city. He said that the drivers were reckless, they drove too fast, and they overcharged their customers.

So what did the ODT district manager do? He issued an order barring all except three taxis—one for each company—from the streets.

So what did the people of Springfield—Lincoln's home—do? They let out a roar that could be heard clear to National Democratic Committee Chairman Hannegan's innermost private office. They asked what right any federal agency had to interfere with their own city taxicab system of regulation. They wanted to know under what law ODT had the right to suspend the constitutional guarantees of property rights and to rob the Springfield property owners of their chance to use their property for gainful purposes.

The Gestapo-minded ODT district manager quickly observed that in taking over Springfield's right to regulate its taxi companies and suspending the Constitution, he had gone a little too far toward the kind of centralized government that the men in the armed forces are trying to wipe off the earth. He withdrew the order.

which opened with the singing of "In the Garden." The men responded to roll call by listing their best paying crops during the year. Potatoes, wheat and hay were mentioned. Several others said they found their chickens quite profitable.

Hints on the storage of summer clothes were given by Mrs. Charles Stover, who said they should be washed and mended and placed in boxes. If a garment has wool, said Mrs. Stover, it should be placed in a protective bag with moth crystals. Special attention, she said, should be given bathing suits and rubber caps because they are hard to purchase.

Chester C. Martin, who gave a talk on the storage of vegetables, said he considers ground the best place, but beets and some other vegetables can be placed in lard kettles and tubs and placed in the cellar. Mr. Martin recommended the trenching of celery in the ground. Cabbage can be pulled up by the roots and the heads can be placed on the sod. In this way, said Mr. Martin, the cabbage will keep until Spring.

A guest at the meeting was the assistant county home economics representative, Mrs. Francis Ritchings, who judged the garments the women made from discarded shirts. The group winners were Mrs. Stanley Detweiler, Mrs. William Wunsche and Mrs. Charles Try. The garments made by Mrs. Detweiler and Mrs. Wunsche will be exhibited at the meeting of Pomona Grange.

Guests at the meeting included Russell P. Long, general plant manager of the company, Charles W. Potter, general traffic manager, Thomas H. Griest, general comm-

The mission on October 14th was Sgt. DiPietra's fifth, and he had written relatives here that the en-

tire crew of the bomber was in line for the Presidential citation.

Pvt. Julio Caucci, Jr., aged 19 years, of 1114 Cherry street, sustained a wound in the leg while in action in France he has informed his parents, Mr. and Mrs. Julio Caucci. He further stated in his letter that he was removed by air plane to a hospital in Italy where he is now under treatment.

Caucci entered the army almost one year ago, and went overseas in July. Previous to entering the service he was employed at the Pitzonka Pansy Farm.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

WOMEN MP'S PLAN TO FETE LADY ASTOR

American-Born Legislator Completes 25 Years In Commons In December

By Charles A. Smith
(U. S. Staff Correspondent)
LONDON, Nov. 2—(INS)—History will be made here in December when American-born Lady Nancy Astor will complete 25 years' membership of the House of Commons.

The former Nancy Witcher Langhorne of Greenwood, Va., took her seat in the Imperial Parliament for the 5th Division of Plymouth in 1919, the first woman ever to sit in Commons. She has held the seat against all comers ever since, and will stand for re-election in the general election next year.

To mark Lady Astor's quarter century of service, the other women members of the Commons have decided to hold a dinner party at which all will be present to toast the member for Plymouth.

Lloyd George, one of Lady Astor's sponsors when she took her seat in 1919—the other was the late Lord Balfour—will be asked to attend the party if he is well enough.

Despite her biting tongue and her constant wrangles with some of the male members who love baiting her, Lady Astor is popular in the Commons, especially among the other woman members.

Every new woman member has received invaluable help in Parliamentary procedure from her ladyship when entering the Commons. She long ago set a Parliamentary debating style for women, and the plain dark coat and hat she always has worn in the Commons has be-

come the recognized "uniform" for women M.P.'s here.

Members as a whole probably will contribute toward a "quarter century" fund with which to buy Lady Astor a memento.

Another anniversary which has been causing a lot of reminiscences around town concerns the 40th anniversary of the appearance of the first motorbus on London's streets.

To mark the day, one of the ancient "bone-shakers" was run over the original route, from Oxford Circus in the center of town to Peckham, on the southeast side of London.

To the guests of the company who traveled in the anniversary wagon, however, it wasn't the hoots of the small boys or the rough ride that intrigued them.

An old sticker on the windows, blunt and to the point, reminded

them that Londoners of 40 years ago were pretty unmanly folk. Some of the "don'ts" to passengers included:

"Keep your feet off the seats."
"Do not impose on the conductor the necessity of finding you change; he is not a banker."
"You are not in a hogsty. Do not spit."
"Behave respectfully to females."
"Remember you are riding a distance for sixpence (12 cents) which, if made in a hackney coach, would cost you many times more."

Baby Counselor

Swaddling vs. Feeding

Times and techniques change, but mothers' aims are still the same. Take the matter of swaddling clothes, for instance. Almost every ancient people practiced swaddling of their young. They took long bands of cloth and wrapped them snugly round and round the baby's legs. Then they wound these bands around his body. And they bound his arms, as well.

Nearly all Biblical babes were wrapped in swaddling clothes this way. The Greeks and Romans did it, too. In fact, even the American Indian had something of the same idea when he laid his new papoose on a flat board, and packed him tight with bark and skins and hide. The idea was to straighten out those curly legs... to shape them and to make them strong.

We aim for the same thing today. But we surely go about it in a different way. We do the job by working from within. For we know now, that the way to build strong bodies and straight bones is through the diet. And so doctors start babies, at an early age, on body-building foods like strained fruits and soups and vegetables.

These foods are rich in the nutritive value that all fast-growing babies need. They supply iron and other minerals. And important quantities of vitamins A and C that babies must have for proper bone development and growth. Even the less-than-year-old-baby needs as well designed a daily menu as we grown-ups do.

Here is a suggested food plan that will affect straighter underpinnings, more pleasantly, more certainly than swaddling ever did. Tally this schedule with your doctor's dictums; so it

will be tailored to your baby's special needs:

Rheumatism Pains

Stop in 7 to 10 Minutes

It is now easy to end rheumatism pains. 7 to 10 minutes will prove it to you. The test will cost you nothing.

So why suffer another day from the agony of this painful ailment when you can secure MUSCLE-RUB, the new preparation that not only conquers the pains of rheumatism, but also lumbago, sciatica, neuralgia, as well as the less serious lameness of muscles and joints. It is no longer necessary to dose the system with internal medicine. The entire MUSCLE-RUB treatment is a simple liquid, applied directly to the limbs, shoulders, neck, face or back—wherever the trouble may be. There is no burning—no irritation. All pain stops as if by magic. Even chronic and severe conditions respond so amazingly that seldom is more than a bottle needed.

MUSCLE-RUB is a new discovery. It is a real scientific preparation. You no longer need to dose the system with violent or nauseating drugs. The treatment is applied directly to the part affected—externally. You literally feel the pain leaving.

And just see what others—sufferers just like yourself—say about this wonderful preparation:

MUSCLE-RUB RELIEVED PAINS AFTER SUFFERING TWO YEARS

I am writing this letter to let you know how well pleased I am with your MUSCLE-RUB. I have spent a great deal of money trying every kind of remedy and nothing to help me until I was told about your remarkable MUSCLE-RUB. I have used 1/2 of the large bottle and obtained mighty good results. This is the first time in two years that I have been re-

lieved from pain. We wouldn't be without a bottle of MUSCLE-RUB in our home. Wm. Hoffelinger—Rte. No. 1—Liberty Centre, Ohio.

DRUGGIST RECOMMENDS MUSCLE-RUB FOR RHEUMATISM

Your MUSCLE-RUB was recommended to me by our Druggist for Rheumatism. After many years of severe torturing pains, I am mighty happy to write you that your remedy was really a God Send. This is the first time in many years that I have been able to rest peacefully without pain. My sister has also used your MUSCLE-RUB for a bad sprain and it has given her satisfactory results. I am indebted very grateful to have learned of your remedy and recommend your MUSCLE-RUB very highly. Colonel M. Livingston—150 Pine St., Phila., Pa.

Today's Quiet Moment

By The Rev. Lehman Strauss
Pastor
(Calvary Baptist Church)

O Lord, we humbly raise our hearts in gratitude for Thy perfect Gift, the Lord Jesus Christ. We thank Thee that Thou art a Lover of the sons of men, willing to go out of Thy way after poor, lost sinners such as we. We do praise Thee for sending Jesus, the only complete and satisfactory Saviour, into this sin-scarred world. We beseech Thee, O God, turn the hearts of sinners to Thyself in humble repentance and confession of sin. Grant, we pray Thee, that many who reject our Lord and who take His Name in vain shall confess Him this day as their personal Saviour.

We ask this for Jesus' sake, Amen.

VOLTZ-TEXACO NINE HONORED; WON THE SUBURBAN TITLE

Sixth Annual Banquet Held With Henry Morgan As The Toastmaster

TROPHIES PRESENTED

"Bill" Leigh Receives "Most Valuable Player in the League" Award

The Voltz-Texaco baseball team was honored at the sixth annual banquet of the Bristol Suburban League held Tuesday night at DePinto's Restaurant, Philadelphia. The Voltz team won the championship of the circuit, beating Badenhausen in the playoffs.

Henry Morgan acted as toastmaster for the occasion and Paul Voltz, president of the league, welcomed the guests.

Several trophies were presented: Joseph Diamanti, vice-president of the league, presented the championship trophy to George Dougherty, manager of the Voltz-Texaco team, and presented the runner-up trophy to John Hemp, manager of the Badenhausen club.

Michael DeRisi presented individual trophies to Alex Dewnap who won the batting championship and Paul Dean who copped the most league victories in pitching. As Dewnap is now in military service, his trophy was accepted by his wife. The most valuable player award was given to "Bill" Leigh, of the Voltz-Texaco team.

George Dougherty presented each Voltz-Texaco player with a jacket and Paul Voltz as owner of the team presented Manager Dougherty with a war bond. John Hemp gave a Badenhausen trophy to "Jake" Paul for leading that team in hitting.

"Eddie" Liberatore gave the closing remarks.

A meeting of the league will be held tonight at eight o'clock at the Diamond Sporting Goods store, Mill street.

PEACE AND THE AMERICAN PEOPLE

Continued from Page One

would be dominant if he were re-elected, can neither completely accept nor properly correct his program.

This path leads neither to statesmanship nor wisdom.

The peace pact will be an empty gesture unless the people of America can believe in it—unless they can feel that they, in the normal processes of their government, also had their influence upon its terms and commitments.

Such a result cannot be attained by the Roosevelt administration.

Even if the President wanted the help of American opinion and American institutions in working out the peace, which he shows no sign of doing, the past scars and present wounds within Congress, the Democratic Party and the nation as a whole would make it impossible.

Ratification of a Roosevelt peace would of necessity be a pressure program, accomplished solely by political maneuvers, and disregardful of true public opinion.

To attain a people's peace, America must return to what she does not have today—people's government.

Such a return can be made only by the election of a candidate and a party pledged to administration of domestic and foreign affairs through all the Constitutional branches of government, not merely through the executive.

That party is the Republican Party, and that candidate is Governor Thomas E. Dewey.

As Governor Dewey says, "It's time for a change!"

Start Distribution of Telephone Directories			
A force of approximately 75 men, women and boys started distribution of new telephone directories Tuesday, according to an announcement by Charles F. Beatty, manager of the Bell Telephone Company. Distribution is expected to take about three weeks.			

Approximately 6400 copies of the Lower Bucks County and Suburban Philadelphia directory are being delivered in this territory, Mr. Beatty said. Local subscribers are also receiving copies of the Philadelphia directory at the same time.			
Old directories are being collected for salvage during the distribution.			

While men and women are handling some of the delivery, boys, most of them from junior high school and high school, are making deliveries in their own neighborhoods, working with express wagons and carts after school and on Saturdays.			
The directories have light green covers this year. The Lower Bucks County book contains approximately 149,500 alphabetical listings and the Philadelphia book approximately 349,500 alphabetical listings.			

A new feature of the Lower Bucks County directory is a full page map of Philadelphia, showing the postal zones numbers which the Post Office Department has asked to have included in all mail addresses. This appears on the first page of the classified section.
